The University of Education Weingarten

Studying at the University of Education Weingarten is stepping back into history. The Schlossbau is the main building and is part of a complex which used to be a monastery. The ‘Fruchtkasten’ was built in 1688 was originally used as a storehouse. In the 1800s, there was a storage capacity of over 1.2 million liters of wine! Today, it part of the library.
Summer semester starts with spring and moves into summer meaning that students begin to move outdoors. There are numerous places to sit and enjoy the sun between classes. There is also a cafeteria in the NZ building where you can grab a bite to eat and relax. For a warm meal, check out the Mensa near the International Office.

Winter semester is just as nice as it starts with the leaves changing and moves into the Christmas season which means Christmas markets and cookies!
Every semester, we organize international evenings in the student pub, alibi. This is an opportunity for international students to gather, talk and mingle. It is also a chance for students to present their home country and university.

It is always a lot of fun!

Excursions, grill parties, meeting other internationals... and much more! Come and join us!!!
